

## DX Express Fuel Escalator for DX Secure Business and DX Secure Flex

- The cost of Diesel represents a significant element of our overall costbase – therefore all customers are subject to a fuel escalator which ensures fluctuations in the pump price are reflected in the charges. The DX fuel surcharge is comparable with our competitors and is in line with industry standards. Fuel surcharge movements will go up and down in line with the published prices.
- DX uses the UK Governments 'Weekly Road Fuel Prices' which provide the average UK retail "pump" prices on a weekly basis, these can be found through the following link <https://www.gov.uk/government/statistics/weekly-road-fuel-prices>. For further details of the fuel escalator and applicable fuel surcharge, please refer to your contract and/or account manager.
